

## Quality Policy

All personnel at KELEMENIS & CO are committed to operate under the rules set forth by the Firm and the applicable legislation, whilst having as their key and nonnegotiable objective to fully meet and satisfy the Firm's clients and their requirements. In doing so, they aim towards the continuous improvement of the Firm's position in the Greek legal market as well as their own financial, professional and social development and in line with the Firm's ISO certification scope:

### **Advisory, Compliance and Litigation Services in Business Law for corporate clients**

This commitment is implemented via:

- A continuous effort in understanding the existing and future needs of the Firm's clients, the relevant applicable standards and the applicable legislation.
- The development and maintenance of a working environment which promotes and enables the personnel's involvement in using all capabilities available for the benefit of the Firm and its recognition for the services rendered.
- The creation and development of solid and long-lasting professional relationships.
- The use of the Firm's professional and financial results towards growth and the continuous improvement of its services and the way it operates.
